

SAFETY BULLETIN

Port Kembla

USE OF MOBILE PHONES WHEN DRIVING

"No Driver shall use a mobile phone whilst driving."

AAT Site Induction and Traffic Management Plan

"No mobile phones or electronic devices are to be used in operational areas or whilst vehicle is in motion."

AAT Truck Driver BAT

We have seen an increase in persons on site using mobile phones whilst operating a vehicle. This is a major concern to AAT and MUST stop.

If you have to use your mobile phone, pull over and park (ensuring it is safe to do so).

AAT will be taking a zero tolerance for this behaviour so in future, any person found using a mobile phone (phone in hand) whilst operating a vehicle or machine will be issued with an infringement notice and may be excluded from site for a period to be determined by AAT management.

The driver will be told on the spot that their access may be withdrawn and an email will be forwarded to the Company advising of the infringement.

Safety is everyone's responsibility and we hope you will work with us to ensure the safety of all those attending the AAT PK site.
