

SAFETY BULLETIN

DATE	14 February 2025	NUMBER	BLTN-FI-0434	SITE	Fisherman Island
TITLE	PAVEMENT DEPRESSION – BERTH 3				

Repairs to the pavement depression on yellow brick road have been completed but the area will remain cordoned off for the next 7 days to allow the bitumen to cure.

Repairs to Berth 3 will commence on Monday 17 February 2025. The works will be completed in two stages. Stage 1 will take approximately 3 weeks, weather permitting. The area will be fenced off but there will be a path available for vehicles and machines to access the berth.

When driving past these works, please abide by the site speed limit and be mindful that there are contractors working in the area.

Once these works are completed, Stage 2 will commence. A further update will be provided once Stage 1 is nearing completion.

Lorraine Namey
Safety Operations Superintendent
